Independent Auditor's Report

The Honorable Mayor and
Members of City Council
City of Atlantic City, New Jersey

Report on the Financial Statements

We have audited the accompanying balance sheets - regulatory basis of the various funds and account group of the City of Atlantic City, as of December 31, 2015 and 2014, the related statement of operations and changes in fund balance - regulatory basis for the years then ended, and the related statement of revenues - regulatory basis and statement of expenditures - regulatory basis of the various funds for the year ended December 31, 2015, and the related notes to the financial statements, which collectively comprise the City's basic financial statements as listed in the table of contents.

Management's Responsibility for the Financial Statements

Management is responsible for the preparation and fair presentation of these financial statements in accordance with the basis of accounting prescribed by the Division of Local Government Services, Department of Community Affairs, State of New Jersey. Management is also responsible for the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatements, whether due to fraud or error.

Auditor's Responsibility

Our responsibility is to express an opinion on these financial statements based on our audit. We conducted our audit in accordance with auditing standards generally accepted in the United States of America, the audit requirements prescribed by the Division of Local Government Services, Department of Community Affairs, State of New Jersey (the "Division"), and the standards applicable to financial audits contained in *Government Auditing Standards*, issued by the Comptroller General of the United

States. Those standards require that we plan and perform the audit to obtain reasonable assurance about whether the financial statements are free of material misstatement.

An audit involves performing procedures to obtain audit evidence about the amounts and disclosures in the financial statements. The procedures selected depend on the auditor's judgment, including the assessment of the risks of material misstatement of the financial statements, whether due to fraud or error. In making those risk assessments, the auditor considers internal control relevant to the entity's preparation and fair presentation of the financial statements in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of the entity's internal control. Accordingly, we express no such opinion. An audit also includes evaluating the appropriateness of accounting policies used and the reasonableness of significant accounting estimates made by management, as well as evaluating the overall presentation of the financial statements.

We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our audit opinions.

Basis for Adverse Opinion on U.S Generally Accepted Accounting Principles.

As described in Note 1 of the financial statements, the financial statements are prepared by the City of Atlantic City on the basis of the financial reporting provisions prescribed by the Division of Local Government Services, Department of Community Affairs, State of New Jersey, which is a basis of accounting other than accounting principles generally accepted in the United States of America, to meet the requirements of New Jersey.

The effects on the financial statements of the variances between the regulatory basis of accounting described in Note 1 and accounting principles generally accepted in the United States of America, although not reasonably determinable, are presumed to be material.

Adverse Opinion on U.S. Generally Accepted Accounting Principles

In our opinion, because of the significance of the matter discussed in the "Basis for Adverse Opinion on U.S Generally Accepted Accounting Principles" paragraph, the financial statements referred to above do not present fairly, in accordance with accounting principles generally accepted in the United States of America, the financial position of each fund of the City of Atlantic City as of December 31, 2015 and 2014, or changes in financial position for the years then ended.

Opinion on Regulatory Basis of Accounting

In our opinion, the financial statements referred to above present fairly, in all material respects, the regulatory basis balance sheets and account group as of December 31, 2015 and 2014, the regulatory basis statements of operations for the years then ended and the regulatory basis statements of revenues and expenditures for the year ended December 31, 2015 in accordance with the basis of financial reporting prescribed by the Division of Local Government Services, Department of Community Affairs, State of New Jersey as described in Note 1.

Other Matters

Other Information

Our audit was conducted for the purpose of forming opinions on the financial statements that collectively comprise the City of Atlantic City's basic financial statements. The supplementary information listed in the table of contents and schedule of expenditures of federal awards, as required by Office of Management and Budget Uniform Guidance and the schedule of expenditures of state financial assistance as required by NJ OMB 15-08 and the letter of comments and recommendations section are presented for purposes of additional analysis and are not a required part of the basic financial statements.

The supplemental information listed in the table of contents and the schedule of expenditures of federal awards, as required by Title 2 U.S. Code of Federal Regulations Part 200, *Uniform Administrative Requirements, Cost Principles, and Audit Requirements for Federal Awards* (Uniform Guidance); *Audits of States, Local Governments, and Non-Profit Organizations*, the schedule of and the schedule of expenditures of state financial assistance as required by NJ OMB 15-08 are the responsibility of management and were derived from and relates directly to the underlying accounting and other records used to prepare the basic financial statements. Such information has been subjected to the auditing procedures applied in the audit of the basic financial statements and certain additional procedures, including comparing and reconciling such information directly to the underlying accounting and other records used to prepare the basic financial statements or to the basic financial statements themselves, and other additional procedures in accordance with auditing standards generally accepted in the United States of America.

Our audit was conducted for the purpose of forming an opinion on the financial statements as a whole. The supplemental information listed in the table of contents is presented for the purposes of additional analysis and is not a required part of the financial statements. Because of the significance of the variances between the regulatory basis of accounting and accounting principles generally accepted in the United States of America, it is inappropriate to and we do not express an opinion on the supplementary information referred to above.

The letter of comments and recommendations section has not been subject to the auditing procedures applied in the audit of the basic financial statements, and accordingly, we do not express an opinion or provide any assurance on it.

Other Reporting Required by *Government Auditing Standards*

In accordance with *Government Auditing Standards*, we have also issued our report dated July 11, 2016 on our consideration of the City of Atlantic City's internal control over financial reporting and on our tests of its compliance with certain provisions of laws, regulations, contracts, and grant agreements and other matters. The purpose of that report is to describe the scope of our testing of internal control over financial reporting and compliance and the results of that testing, and not to provide an opinion on internal control over financial reporting or on compliance. That report is an integral part of an audit performed in accordance with *Government Auditing Standards* in considering the City of Atlantic City's internal control over financial reporting and compliance.

CITY OF ATLANTIC CITY
NOTES TO FINANCIAL STATEMENTS
YEARS ENDED DECEMBER 31, 2015 AND 2014

Note 1: SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES

A. Reporting Entity

The City of Atlantic City is a resort community in the County of Atlantic, State of New Jersey. The City covers an area of approximately 12 square miles with a population according to the 2010 census of 39,558. The City operates under a Mayor and Council form of government with the Mayor being the chief executive officer of the City and directly elected by the voters. The City Council is the law making body and passes all resolutions and ordinances. The City also employs a City Administrator who is responsible for the day to day operations of the City. Except as noted below, the financial statements of the City of Atlantic City include every board, body, office or commission supported and maintained wholly or in part by funds appropriated by the City of Atlantic City, as required by N.J.S. 40A:5-5.

Component units are legally separate organizations for which the City is financially accountable. The City is financially accountable for an organization if the City appoints a voting majority of the organization's governing board and (1) the City is able to significantly influence the programs or services performed or provided by the organization; or (2) the City is legally entitled to or can otherwise access the organization's resources; the City is legally obligated or has otherwise assumed the responsibility to finance the deficits of or provide financial support to the organization; or the City is obligated for the debt of the organization. Component units may also include organizations that are fiscally dependent on the City in that the City approves the budget, the issuance of debt or the levying of taxes. If the City reported under GAAP, the Atlantic City Municipal Utility Authority, 401 N. Virginia Avenue, Atlantic City and the Atlantic City Public Library, 1600 Atlantic Ave, Atlantic City would be considered component units. Complete financial statements for the component units may be obtained at the entity's administrative offices.

B. Description of Funds

The accounting policies of the City of Atlantic City conform to the accounting principles applicable to municipalities that have been prescribed by the Division of Local Government Services, Department of Community Affairs, State of New Jersey. Such principles and practices are designed primarily for determining compliance with legal provisions and budgetary restrictions and as a means of reporting on the stewardship of public officials with the respect to public funds. Under this method of accounting, the City of Atlantic City accounts for its financial transactions through the following separate funds:

Current Fund -- resources and expenditures for governmental operations of a general nature, including Federal and State grant funds.

Trust Funds -- receipts, custodianship and disbursement of funds in accordance with the purpose for which each reserve was created.

CITY OF ATLANTIC CITY
NOTES TO FINANCIAL STATEMENTS
YEARS ENDED DECEMBER 31, 2015 AND 2014

General Capital Fund -- receipt and disbursement of funds for the acquisition of general facilities, other than those acquired in the Current Fund.

General Fixed Assets Account Group -- All fixed assets used in governmental fund type operations (general fixed assets) are accounted for in the general fixed assets account group, rather than in governmental funds.

C. Basis of Accounting

The accounting principles and practices prescribed for municipalities by the State of New Jersey differ in certain respects from accounting principles generally accepted in the United States of America applicable to local governmental units. The more significant policies in New Jersey follow. A modified accrual basis of accounting is followed with minor exceptions.

Revenues -- are recorded as received in cash except for certain amounts that are due from other governmental units. Receipts from Federal and State grants are realized as revenue when anticipated in the City budget. Receivables for property taxes are recorded with offsetting reserves on the balance sheet of the City's Current Fund; accordingly, such amounts are not recorded as revenue until collected. Other amounts that are due to the City which are susceptible to accrual are also recorded as receivables with offsetting reserves and recorded as revenue when received.

Expenditures -- are recorded on the "budgetary" basis of accounting. Generally expenditures are recorded when an amount is encumbered for goods or services through the issuance of a purchase order in conjunction with the Encumbrance Accounting System. Outstanding encumbrances at December 31, are reported as a cash liability in the financial statements. Appropriation reserves covering unexpended appropriation balances are automatically created at December 31st of each year and recorded as liabilities, except for amounts that may be canceled by the Governing Body. Appropriation reserves are available, until lapsed at the close of the succeeding year, to meet specific claims, commitments or contracts incurred during the preceding fiscal year. Lapsed appropriation reserves are recorded as income. Appropriations for principal payments on outstanding general capital and notes are provided on the cash basis; interest on general capital indebtedness is on the cash basis.

Foreclosed Property -- Foreclosed property is recorded in the Current Fund at the assessed valuation when such property was acquired and is fully reserved.

Interfunds -- Interfund receivables in the Current Fund are recorded with offsetting reserves which are created by charges to operations. Income is recognized in the year the receivables are liquidated. Interfund receivables in the other funds are not offset by reserves.

Inventories of Supplies - The cost of inventories of supplies for all funds are recorded as expenditures at the time individual items are purchased. The cost of inventories are not included on the various balance sheets.

CITY OF ATLANTIC CITY
NOTES TO FINANCIAL STATEMENTS
YEARS ENDED DECEMBER 31, 2015 AND 2014

General Fixed Assets -- The City has developed a fixed assets accounting and reporting system, as promulgated by the Division of Local Government Services, which differs in certain respects from accounting principles generally accepted in the United States of America.

As required by New Jersey Statutes, foreclosed property is reported in the current operating fund of the municipality.

Fixed assets used in governmental operations (general fixed assets) are accounted for in the General Fixed Assets Account Group. Public domain ("infrastructure") general fixed assets consisting of certain improvements other than buildings, such as roads, bridges, curbs and gutters, streets and sidewalks and drainage systems are not capitalized.

All fixed assets are valued at historical cost or estimated historical cost if actual historical cost is not available except for land which is valued at estimated market value at the time the land is foreclosed or donated. Land purchased by the City is valued at cost.

No depreciation has been provided for in the financial statements.

Expenditures for construction in progress are recorded in the Capital Funds until such time that construction is completed and put into operation.

Fixed assets acquired through grants in aid or contributed capital have been accounted for separately.

The following schedule is a summarization of the changes in general fixed assets for the most recent calendar year ended December 31, 2015 and 2014.

The large adjustment to Land was the addition of all unrecorded beach and riparian rights.

	Balance as of 12/31/13	Additions	Disposals	Adjustments	Balance as of 12/31/14

Levy of Taxes -- The County Board of Taxation certifies the tax levy of the municipality each year. The tax levy is based on the assessed valuation of taxable property within the municipality. Taxes are payable on the first day of February, May, August, and November. Any taxes that have not been paid by the 11th day of the 11th month in the fiscal year levied are subject to being included in the tax sale and the lien enforced by selling the property in accordance with NJSA 54:5 et seq.

The municipality is responsible for remitting 100% of the school and county taxes to the respective agency. The loss for delinquent or uncollectible accounts is borne by the municipality and not the school district, or county.

Capitalization of Interest -- It is the policy of the City of Atlantic City to treat interest on projects as a current expense and the interest is included in the current operating budget.

Use of Estimates -- The preparation of financial statements in conformity with accounting principles generally accepted in the United States of America or the regulatory basis of accounting requires management to make estimates and assumptions that affect certain reported amounts and disclosures. Accordingly, actual results could differ from those estimates.

D. Comparative Data

Comparative total data for the prior year has been presented in the accompanying Balance Sheets and Statement of Operations in order to provide an understanding of changes in the City's financial position. However, comparative (i.e., presentation of prior year totals by fund type) data have not been presented in the Statement of Revenue-Regulatory Basis and Statement of Expenditures-Regulatory Basis since their inclusion would make the statements unduly complex and difficult to read.

E. Recent Accounting Pronouncements Not Yet Effective

In February 2015, the Governmental Accounting Standards Board (GASB) issued Statement No. 72 "Fair Value Measurement and Application". This statement, which is effective for fiscal periods beginning after June 15, 2015, will not have any effect on the City's financial reporting.

CITY OF ATLANTIC CITY
NOTES TO FINANCIAL STATEMENTS
YEARS ENDED DECEMBER 31, 2015 AND 2014

In June 2015, the Governmental Accounting Standards Board (GASB) issued Statement No. 73 "Accounting and Financial Reporting for Pensions and Related Assets That Are Not within the Scope of GASB 68, and Amendments to Certain Provisions of GASB Statements 67 and 68". This statement, which is effective for fiscal periods beginning after June 15, 2015, will not have any effect on the City's financial reporting.

In June 2015, the Governmental Accounting Standards Board (GASB) issued Statement No. 74 "Financial Reporting for Postemployment Benefit Plans Other Than Pension Plans". This statement, which is effective for fiscal periods beginning after June 15, 2016, will not have any effect on the City's financial reporting.

In June 2015, the Governmental Accounting Standards Board (GASB) issued Statement No. 75 "Accounting and Financial Reporting for Postemployment Benefits Other Than Pensions". This statement, which is effective for fiscal periods beginning after June 15, 2017, will not have any effect on the City's financial reporting.

In June 2015, the Governmental Accounting Standards Board (GASB) issued Statement No. 76 "The Hierarchy of Generally Accepted Accounting Principles for State and Local Governments". NOTES TO FINANCIAL STATEMENTS
YEARS ENDED DECEMBER 31, 2015 AND 2014

Note 2: BUDGETARY INFORMATION

Under New Jersey State Statutes, the annual budget is required to be a balanced cash basis document. To accomplish this, the municipality is required to establish a reserve for uncollected taxes. The 2015 and 2014 statutory budgets included a reserve for uncollected taxes in the amount of \$5,037,209 and \$5,062,400. To balance the budget, the municipality is required to show a budgeted fund balance. The amount of fund balance budgeted to balance the 2015 and 2014 statutory budgets was \$0 and \$0.

The Chief Financial Officer has the discretion of approving intra department budgetary transfers throughout the year. Inter department transfers are not permitted prior to November 1. After November 1 these transfers can be made in the form of a resolution and approved by City Council. The following significant budget transfers were approved in the 2015 and 2014 calendar years:

NOTES TO FINANCIAL STATEMENTS
YEARS ENDED DECEMBER 31, 2015 AND 2014**

NJSA 40A:4-87 permits special items of revenue and appropriations to be inserted into the annual budget when the item has been made available by any public or private funding source and the item was not determined at the time of budget adoption. During 2015, the following budget insertions were approved:

NJ Body Armor	\$ 23,232.42
COPS in Shops	2,924.64
County Environmental Health Act	28,000.00
Ed Byrne Memorial Justice Assistance	93,893.00

The municipality may make emergency appropriations, after the adoption of the budget, for a purpose which was not foreseen at the time the budget was adopted or for which adequate provision was not made therein. This type of appropriation shall be made to meet a pressing need for public expenditure to protect or promote the public health, safety, morals or welfare or to provide temporary housing or public assistance prior to the next succeeding fiscal year. Emergency appropriations, except those classified as a special emergency, must be raised in the budgets of the succeeding year. Special emergency appropriations are permitted to be raised in the budgets of the succeeding three or five years. In 2015, the City authorized an emergency for \$350,000 and in 2014 the City authorized a special emergency for \$900,000.

Note 3: INVESTMENTS

Interest Rate Risk. The municipality does not have a formal investment policy that limits investment maturities as a means of managing its exposure to fair value losses arising from increasing interest rates. However, New Jersey Statutes 40A:5-15.1(a) limits the length of time for most investments to 397 days.

Credit Risk. New Jersey Statutes 40A:5-15.1(a) limits municipal investments to those specified in the Statutes. The type of allowable investments are Bonds of the United States of America or of the local unit or school districts of which the local unit is a part of: obligations of federal agencies not exceeding 397 days; government money market mutual funds; the State of New Jersey Cash Management Plan; local government investment pools; or repurchase of fully collateralized securities.

Concentration of Credit Risk. The municipality places no limit on the amount the City may invest in any one issuer.

Note 4: CASH

Custodial Credit Risk – Deposits. Custodial credit risk is the risk that in the event of a bank failure, the government's deposits may not be returned to it. The municipality's policy is based on New Jersey Statutes requiring cash be deposited only in New Jersey based banking institutions that participate in the New Jersey Governmental Depository Protection Act (GUDPA) or in qualified investments established in New Jersey Statutes 40A:5-15.1(a) that are treated as cash equivalents. As of December 31, 2015 and 2014, \$0 and \$0 of the municipality's bank balance of \$71,209,316.19 and \$87,375,131.63, respectively were exposed to custodial credit risk.

Description of Plans

Substantially all of the City's employees are covered by the Public Employees' Retirement System (PERS) and Police and Fireman's Retirement System (PFRS), a cost-sharing multiple-employer defined benefit pension plan which has been established by state statute and is administered by the New Jersey Division of Pension and Benefits (Division). According to the State of New Jersey Administrative Code, all obligations of the System will be assumed by the State of New Jersey should the System terminate. The Division issues a publicly available financial report that includes the financial statements and required supplementary information for the Public Employees Retirement System and Police and Fireman's Retirement System. This report may be obtained by writing to the Division of Pensions and Benefits, PO Box 295, Trenton, New Jersey, 08625 or the report can be accessed on the internet at <http://www.state.nj.us/treasury/pensions/annrpts.shtml>.

Public Employees' Retirement System

The Public Employees' Retirement System was established in January, 1955 under the provisions of N.J.S.A. 43:15A to provide retirement, death, disability and medical benefits to certain qualified members. The Public Employees' Retirement System is a cost-sharing multiple-employer plan. Membership is mandatory for substantially all full time employees of the State or any county, municipality, school district or public agency provided the employee is not required to be a member of another State-administered retirement system or other state or local jurisdiction.

Police and Fireman's Retirement System

The contribution policy for the PFRS is set by N.J.S.A. 43:16 and requires contributions by active members and contributing employers. Plan member and employer contributions may be amended by State of New Jersey legislation. PFRS provides for employee contributions of 10% of employees' annual compensation, as defined. Employers are required to contribute at an actuarially determined rate.

Defined Contribution Retirement Program (DCRP)

The Defined Contribution Retirement Program (DCRP) was established as of July 1, 2008 under the provisions of Chapter 92, P.L. 2008 and Chapter 103, P.L. 2008 (NJSA43:15C-1 et seq). The DCRP is a cost sharing multiple-employer defined contribution pension fund. The DCRP provides eligible members, and their beneficiaries with a tax-sheltered, defined contribution retirement benefit, along with life insurance and disability coverage. Vesting and benefit provisions are established by NJSA 43:15C-1 et seq.

Funding Policy

The contribution policy is set by N.J.S.A. 43:15A, Chapter 62, P.L. of 1994, Chapter 115, P.L. of 1997 and N.J.S.A. 18:66, and requires contributions by active members and contributing employers. Plan member and employer contributions may be amended by State of New Jersey legislation. PERS provide for employee contributions of 6.92% through June 30, 2015 and 7.06% thereafter of employees' annual compensation, as defined. Employers are required to contribute at an actuarially determined rate in PERS and PFRS. The current PERS rate is 6.98% of covered payroll and for PFRS a rate of 10.0% of covered payroll. The City's contributions to PERS for the years ending December 31, 2015, 2014 and 2013 were \$0.00, \$3,534,671.00 and \$3,747,827.00 respectively, equal to the required contributions for each year. The City's contributions to PFRS for the years ending December 31, 2015, 2014 and 2013 were \$0.00, \$14,323,084.39 and \$14,650,387.51 respectively, equal to the required contributions for each year. The City received permission from the State Division of Local Government Services to defer the payments due for the pensions. The amounts have been accrued as payables on the balance sheet as of December 31, 2015 in the amounts of \$3,985,571.50 for PERS and \$14,660,768.52 for PFRS. For the year 2009 the City elected to defer 50% of the PERS and PFRS payments. The City started to budget the deferred amount in 2012 for 5 years, in addition to 8.5% interest.

Significant Legislation

Chapter 78, P.L. 2011, effective June 28, 2011 made various changes to the manner in which the Public Employees' Retirement System (PERS) and the Police and Firemen's Retirement System (PFRS) operate and to the benefit provisions of those systems.

Chapter 78's provisions impacting employee pension and health benefits include:

- New members of the PERS hired on or after June 28, 2011 (Tier 5 members) will need 30 years of creditable service and age 65 for receipt of the early retirement benefit without a reduction of $\frac{1}{4}$ of 1% for each month that the member is under age 65.
- The eligibility age to qualify for a service retirement in the PERS is increased from age 63 to 65 for Tier 5 members.

**CITY OF ATLANTIC CITY
NOTES TO FINANCIAL STATEMENTS
YEARS ENDED DECEMBER 31, 2015 AND 2014**

- The annual benefit under special retirement for new PFRS members enrolled after June 28, 2011 (Tier 3 members), will be 60% instead of 65% of the member's final compensation plus 1% for each year of creditable service over 25 years but not to exceed 30 years.
- Increases in active member contribution rates. PERS active member rates increase from 5.5% of annual compensation to 6.5% plus an additional 1% phased-in over 7 years; PFRS active member rate increase from 8.5% to 10%. For fiscal year 2012, the member contribution rates increased in October 2011. The phase-in of the additional incremental member contribution rates for PES members will take place in July of each subsequent fiscal year.
- The payment of automatic cost-of-living adjustment (COLA) additional increases to current and future retirees and beneficiaries is suspended until reactivated as permitted by this law.
- New employee contribution requirements towards the cost of employer-provided health benefit coverage. Employees are required to contribute a certain percentage of the cost of coverage. The rate of contribution is determined based on the employee's annual salary and the selected level of coverage. The increased employee contributions will be phased in over a 4-year period for those employed prior to Chapter 78's effective date with a minimum contribution required to be at least 1.5% of salary.
- In addition, this new legislation changes the method for amortizing the pension systems' unfunded accrued liability (from a level percent of pay method to a level dollar of pay).

Chapter 1, P.L. 2010, effective May 21, 2010, made a number of changes to the State-administered retirement systems concerning eligibility, the retirement allowance formula, the definition of compensation, the positions eligible for service credit, the non-forfeitable right to a pension, the prosecutor's part of the PERS, special retirement under the PFRS, and employer contributions to the retirement systems.

Also, Chapter 1, P.L. 2010 changed the membership eligibility criteria for new members of PERS from the amount of annual compensation to the number of hours worked weekly. Also, it returned the benefit multiplier for new members of PERS to $1/60^{\text{th}}$ from $1/55^{\text{th}}$, and it provided that new members of PERS have the retirement allowance calculated using the average annual compensation for the last five years of service instead of the last three years of service. New members of PERS will no longer receive pension service credit from more than one employer. Pension service credit will be earned for the highest paid position only. For new members of the PFRS, the law capped the maximum compensation that can be used to calculate a pension from these plans at the annual wage contribution base for social security, and requires the pension to be calculated using a three year average annual compensation instead of the last year's salary. This law also closed the Prosecutors Part of the PERS to new members and repealed the law for new members that provided a non-forfeitable right to receive a pension based on the laws of the retirement system in place at the time 5 years of pension service credit is attained. The law also requires the State to make its full pension contribution, defined a $1/7^{\text{th}}$ of the required amount, beginning in fiscal years 2012.

Chapter 3, P.L. 2010, effective May 21, 2010, replaced the accidental and ordinary disability retirement for new members of the PERS with disability insurance coverage similar to that provided by the State to individuals enrolled in the State's Defined Contribution Retirement Program.

Chapter 92, P.L. 2007 implemented certain recommendations contained in the December 1, 2006 report of the Joint Legislative Committee on Public Employee Benefits Reform; established a DCRP for elected and certain appointed officials, effective July 1, 2007; the new pension loan interest rate became 4.69% per year, and an \$8.00 processing fee per loan was charged, effective January 1, 2008. The legislation also removed language from existing law that permits the State Treasurer to reduce employer pension contributions needed to fund the Funds and Systems when excess assets are available.

Note 12: PENSION LIABILITIES

In 2012, the Governmental Accounting Standards Board issued GASB statement 68. This statement is effective for fiscal years beginning after June 15, 2014. This statement changes the method of reporting the municipality's pension liabilities. However, due to the fact that the municipality reports on the regulatory basis of accounting, no financial statement impact will be recognized.

The following represents the municipality's pension liabilities as June 30, 2015:

Public Employees' Retirement System

The Municipality has a liability of \$109,505,100.00 for its proportionate share of the net pension liability. The net pension liability was measured as of June 30, 2015, and the total pension liability used to calculate the net pension liability was determined by an actuarial valuation as of that date. The Municipality's proportion of the net pension liability was based on a projection of the Municipality's long-term share of contributions to the pension plan relative to the projected contributions of all participating employers, actuarially determined. At June 30, 2015, the Municipality's proportion would be 0.46982314500%, which would be an increase of 1.31% from its proportion measured as of June 30, 2014.

For the year ended December 31, 2015, the Municipality would have recognized pension expense of \$7,579,865.00. At December 31, 2015, the Municipality would report deferred outflows of resources and deferred inflows of resources related to PERS from the following sources:

	Deferred Outflows of Resources	Deferred Inflows of Resources
Differences between expected & actual experience	\$ 2,516,045.00	
Changes of assumptions	11,326,193.00	
Changes in proportion	2,993,275.00

Amounts that would be reported as deferred outflows of resources and deferred inflows of resources related to pensions would be recognized in pension expense as follows:

2016	\$	2,830,141
2017		2,830,141
2018		2,830,141
2019		4,248,343
2020		2,401,057
Total	\$	<u>15,139,824</u>

Actuarial Assumptions

The total pension liability for the June 30, 2015 measurement date was determined by an actuarial valuation as of July 1, 2014, which was rolled forward to June 30, 2015. This actuarial valuation used the following assumptions, applied to all periods in the measurement:

Inflation rate	3.04%
Salary increases:	
2012-2021	2.15% - 4.40% (based on age)
Thereafter	3.15% - 5.40% (based on age)
Investment rate of return:	7.90%

Mortality rates were based on the RP-2000 Combined Healthy Male and Female Mortality Tables (setback 1 year for males and females) for service retirement and beneficiaries of former members with adjustments for mortality improvements from the base year of 2012 based on Projections Scale AA. The RP-2000 Disability Mortality Tables (setback 3 years for males and setback 1 year for females) are used to value disabled retirees.

The actuarial assumptions used in the July 1, 2014 valuation were based on the results of an actuarial experience study for the period July 1, 2008 to June 30, 2011.

In accordance with State statute, the long-term expected rate of return on plan investments is determined by the State Treasurer, after consultation with the Directors of the Division of Investments and Division of Pensions and Benefits, the board of trustees and the actuaries. Best estimates of arithmetic real rates of return for each major asset class included in PERS's target asset allocation as of June 30, 2015 are summarized in the following table:

Discount Rate

The discount rate used to measure the total pension liability was 4.90% as of June 30, 2015. This single blended discount rate was based on the long-term expected rate of return on pension plan investments of 7.9%, and a municipal bond rate of 3.80% as of June 30, 2015, based on the Bond Buyer Go 20-Bond Municipal Bond Index which includes tax-exempt general obligation municipal bonds with an average rating of AA/Aa or higher. The projection of cash flows used to determine the discount rate assumed that contributions from plan members will be made at the current member contribution rates and that contributions from employers will be made based on the average of the last five years of contributions made in relation to the last five years of actuarially determined contributions. Based on those assumptions, the plan's fiduciary net position was projected to be available to make projected future benefit payments of current plan members through 2033.

Sensitivity of the Municipality's proportionate share of the net pension liability to changes in the discount rate.

The following presents the Municipality's proportionate share of the net pension liability calculated using the discount rate of 4.90%, as well as what the Municipality's proportionate share of the net pension liability would be if it were calculated using a discount rate that is 1-percentage point lower (3.90%) or 1-percentage point higher (5.90%) than the current rate:

The Municipality has a liability of \$317,314,712.00 for its proportionate share of the net pension liability. The net pension liability was measured as of June 30, 2015, and the total pension liability used to calculate the net pension liability was determined by an actuarial valuation as of that date. The Municipality's proportion of the net pension liability was based on a projection of the Municipality's long-term share of contributions to the pension plan relative to the projected contributions of all participating employers, actuarially determined. At June 30, 2015, the Municipality's proportion would be 1.81640667650%, which would be an increase of 0.93% from its proportion measured as of June 30, 2014.

For the year ended December 31, 2015, the Municipality would have recognized pension expense of \$45,894,482.00. At December 31, 2015, the Municipality would have reported deferred outflows of resources and deferred inflows of resources related to PFRS from the following sources:

NOTES TO FINANCIAL STATEMENTS
YEARS ENDED DECEMBER 31, 2015 AND 2014

In accordance with State statute, the long-term expected rate of return on plan investments (7.90% at June 30, 2015) is determined by the State Treasurer, after consultation with the Directors of the Division of Investments and Division of Pensions and Benefits, the board of trustees and the actuaries. The long-term expected rate of return was determined using a building block method in which best-estimate ranges of expected future real rates of return (expected returns, net of pension plan investment expense and inflation) are developed for each major asset class. These ranges are combined to produce the long-term expected rate of return by weighting the expected future real rates of return by the target asset allocation percentage and by adding expected inflation. Best estimates of arithmetic rates of return for each major asset class included in PFRS's target asset allocation as of June 30, 2015 are summarized in the following table:

Asset Class	Target Allocation	Long-Term Expected Real Rate of Return
Cash	5.00%	1.04%

Discount Rate

The discount rate used to measure the total pension liability was 5.79% as of June 30, 2015. This single blended discount rate was based on the long-term expected rate of return on pension plan investments of 7.9%, and a municipal bond rate of 3.80% as of June 30, 2015, based on the Bond Buyer Go 20-Bond Municipal Bond Index which includes tax-exempt general obligation municipal bonds with an average rating of AA/Aa or higher. The projection of cash flows used to determine the discount rate assumed that contributions from plan members will be made at the current member contribution rates and that contributions from employers will be made based on the average of the last five years of contributions made in relation to the last five years of actuarially determined contributions. Based on those assumptions, the plan's fiduciary net position was projected to be available to make projected future benefit payments of current plan members through 2045. Therefore, the long-term expected rate of return on plan investments was applied to projected

benefit payments through 2045, and the municipal bond rate was applied to projected benefit payments after that date in determining the total pension liability.

Sensitivity of the Municipality's proportionate share of the net pension liability to changes in the discount rate.

The following presents the collective net pension liability of the participating employers as of June 30, 2015, calculated using the discount rate as disclosed above as well as what the collective net pension liability would be if it was calculated using a discount rate that is 1-percentage point lower or 1-percentage point higher than the current rate:

District's proportionate share of the net pension liability	\$ 411,371,119	317,314,712	240,653,088

In addition to the PFRS liabilities listed above, a special funding situation exists for the Local employers of the Police and Fire Retirement System of New Jersey. The State of New Jersey, as a non-employer, is required to pay the additional costs incurred by Local employers under Chapter 8, P.L. 2000, Chapter 318, P.L. 2001, Chapter 86, P.L. 2001, Chapter 511, P.L. 1991, Chapter 109, P.L. 1979, Chapter 247, P.L. 1993 and Chapter 201, P.L. 2001. The June 30, 2015 State special funding situation net pension liability amount of \$1,460,720,421.00, is the accumulated differences between the annual actuarially determined State obligation under the special funding situation and the actual State contribution through the valuation date. The fiscal year ending June 30, 2015 State special funding situation pension expense of \$182,203,735.00 is the actuarially determined contribution amount that the State owes for the fiscal year ending June 30, 2015. The pension expense is deemed to be a State administrative expense due to the special funding situation.

Although the liabilities related to the special funding situation are the liabilities of the State of New Jersey, the proportionate share of the statewide liability allocated to the Municipality was 1.81640667650% for 2015. The net pension liability amount allocated to the Municipality was \$26,532,624.00. For the fiscal year ending June 30, 2015 State special funding situation pension expense of \$3,537,388.00 is allocated to the Municipality.

Note 13: PENSION PLAN FOR LIFEGUARDS

The City of Atlantic City has established a pension plan to provide retirement, disability and survivor pension benefits for the individuals who serve on the City's lifeguard force. An eligible employee becomes a plan member upon employment. Employee contributions shall be withheld from the member's salary at the rate of 4.0% and contributed to the plan for his benefit. Retiree benefits are paid out of the current fund and charged to the current operating budget of the City. A plan member may retire with a pension only after his 45th birthday and after he has completed 20 years of service, the last 10 must have been completed immediately preceding his application.

Employee contributions to the pension fund were \$74,183.06 and \$89,171.35 and benefits paid to retirees was \$1,081,777.88 and \$909,173.91 for the years ended December 31, 2015 and 2014, respectively. The City has not established a separate trust fund for the accumulation of contributions and the payment of retiree benefits.

Note 14: POST-RETIREMENT BENEFITS

The City contributes to the State Health Benefits Program (SHBP), a cost-sharing, multiple-employer defined benefit post-employment healthcare plan administered by the State of New Jersey Division of Pensions and Benefits. SHBP was established in 1961 under N.J.S.A. 52:14-17.25 et seq., to provide health benefits to State employees, retirees, and their dependents. Rules governing the operation and administration of the program are found in Title 17, Chapter 9 of the New Jersey Administrative Code. SHBP provides medical, prescription drugs, mental health/substance abuse, and Medicare Part B reimbursement to retirees and their covered dependents.

The SHBP was extended to employees, retirees and dependents of participating local public employers in 1964. Local employers must adopt a resolution to participate in the SHBP. In 2009, the City authorized participation in the State Health Benefit Program through resolution 307-2009.

Members of the Public Employees' Retirement System would generally qualify for coverage under the following criteria:

Service Retirement	Eligible at age 60
Early Retirement	Eligible after 25 years of service
Service or Early Retirement Eligibility for State-paid SHBP Benefits	Attainment of 25 years of service
Ordinary Disability Retirement	Eligible after 10 years of service
Accidental Disability	Eligible upon total and permanent disability prior to age 65 as a result of a duty injury

The New Jersey State Health Benefits Plan issues a stand-alone financial report under GASB 43. To view the report, go to <http://www.state.nj.us/treasury/pensions/shbp.htm>.

The City is a member of the SHBP. During 2015, \$10,786,246.99 was paid by the City for health care, of which \$2,465,532.10 was paid for retirees and additional \$3,452,049.45 was withheld and paid by employees. The amount paid during 2014 was \$31,910,333.81, of which \$8,112,988.73 was paid for retirees. The City has deferred health benefit payments with permission from the State Division of Local Government Services. The City has accrued \$18,809,150.21 in Health Benefits Payable as of December 31, 2015.

Note 15: DEFERRED COMPENSATION

Employees of the City of Atlantic City may participate in a deferred compensation plan adopted under the provisions of Internal Revenue Code Section 457 (Deferred Compensation Plans With Respect to Service For State and Local Governments).

The deferred compensation plan is available to all employees of the City. Under the plan, employees may elect to defer a portion of their salaries and avoid paying taxes on the deferred portion until the withdrawal date. The deferred compensation amount is not available for withdrawal by employees until termination, retirement, death, or unforeseeable emergency.

The deferred compensation plan is administered by an unrelated financial institution. Under the terms of an IRC Section 457 deferred compensation plan, all deferred compensation and income attributable to the investment of the deferred compensation amounts held by the financial institution, until paid or made available to the employees or beneficiaries, are the property of the employees.

As part of its fiduciary role, the City has an obligation of due care in selecting the third party administrator. In the opinion of the City's legal counsel, the City has acted in a prudent manner and is not liable for losses that may arise from the administration of the plan.

SOA	Superior Officers'	12/31/15	Police captains, excluding chief, deputy chief, inspectors, and all other employees of the City.

Note 17: ACCRUED SICK AND VACATION BENEFITS

The City has permitted full time employees to accrue unused sick and vacation time, which may be taken as time off or paid at a later date at an agreed upon rate. The monetary value of these earned and unused employee benefits has not been accrued by either charges to operations or to budgets of prior years, although in some cases they might be material, since the realization of this liability may be affected by conditions which preclude an employee from receiving full payment of the accrual. At December 31, 2015 and 2014, the City estimates this liability to approximate \$24,192,450.77 and \$28,160,371.79, respectively. The policy of not reflecting the accrued benefit is not in agreement with GASB Statement No. 12. Effective January 1, 2002 the State of New Jersey is allowing municipalities to accrue a compensated absences liability. The City has established a reserve that as of December 31, 2015 and 2014 was \$4,095,598.18 and \$5,569,274.40, respectively.

Note 18: ECONOMIC DEPENDENCY

The City of Atlantic City is economically dependent on one industry as a major source of tax revenue for the City. The City receives approximately 65% of the Tax Levy from the Casino industry.

Note 19: COMMITMENTS AND CONTINGENCIES

During the normal course of operations, lawsuits are frequently brought against the governmental unit. There are presently numerous suits pending against the City.

The City has not prepared an Incurred But Not Reported ("IBNR") report for the General Liability or Workers Compensation self funded insurance. The General Liability loss reserve calculated by the insurance consultant is approximately \$13,000,000. This Reserve is underfunded without including an IBNR calculation, by over \$11,000,000. Based on verification by the City's Insurance Broker and Solicitor the loss reserves include an adequate basis for estimating potential liabilities to the City at December 31, 2015. Also, estimates of payments to be made in 2014 were included in the City's 2015 budget. Additionally, the City has purchased an excess loss policy for any losses over \$500,000.

The Worker Compensation report, prepared by the City's other consultant, indicated current claims of over \$21,300,000. This Reserve is underfunded without including an IBNR calculation, by over \$18,100,000. Based on verification by the City's Insurance Broker and Solicitor the loss reserves include an adequate basis for estimating potential liabilities to the City at December 31, 2015. Also, estimates of payments to be made in 2016 will be included in the City's 2016 budget.

In prior years the City has settled real estate tax appeals with a number of casinos. The settlements were comprised of cash payments and future tax credits. The tax credits are applied to the quarterly tax bills to a maximum of the total bill. The application of the credit results in a negative adjustment to fund balance. As of December 31, 2015 there were credits to be applied. Any appeals or settlements with the casinos may be funded with tax appeal bonds or are listed as overpaid taxes on the financial statements. As of December 31, 2015 the only unfunded tax settlement is with the Borgata Casino Hotel. The City has agreed to a settlement of \$87,950,000. The City adopted an ordinance in 2105 to refund the settlement but has not issued debt as of the date of this report and tax credits are being taken by the Borgata.

Note 20: RISK MANAGEMENT

The City is exposed to various risks of loss related to torts; theft of, damage to, and destruction of assets; errors and omissions; injuries to employees; and natural disasters.

Property and Liability Insurance – The City is self insured for property, liability some employee health plans and workers compensation. The City has commercial coverage for surety bonds and employee health insurance.

Their activity is transacted through the Current Fund bank accounts. The CDBG interfund is due to a timing issue based on the drawdown of Federal funds.

Note 22: SUBSEQUENT EVENTS

The governor of the State of New Jersey signed S1711/A3326, known as the Municipal Stabilization and Recovery Act (the "Act"), into law on May 27, 2016. The Act defines a municipality in need of stabilization and recovery as a municipality that 1) has experienced a decrease of more than 50% of its total assessed non-equalized property values during the prior 5 year period and 2) has experienced an increase in outstanding debt exceeding 50% during the immediately preceding 5 year period.

CITY OF ATLANTIC CITY
NOTES TO FINANCIAL STATEMENTS
YEARS ENDED DECEMBER 31, 2015 AND 2014

As of June 6, 2016, the City has been deemed a “municipality in need of stabilization and recovery” by the Commissioner of the Department of Community Affairs (the “Commissioner”) under the Act. Pursuant to the Act, the City of Atlantic City must prepare and adopt a resolution containing a five year recovery plan. The City has 150 days, or until November 3, 2016, to submit the plan to the Commissioner. The Commissioner will then have 5 days to review and to accept or reject the proposed plan. If the City fails to present a plan likely to achieve financial stability, or to implement a plan approved by the Commissioner, the Local Finance Board may assume, reallocate to, and vest exclusively in the Director any of the functions, powers, privileges, and immunities of the City’s governing body that are, or may be, substantially related to the City’s fiscal condition or financial rehabilitation and recovery.

In order to stabilize the ratable tax base, S1715/A-3209, known as the PILOT bill, was signed into law along with the Act noted above. The bill provides for the casinos within the City to make guaranteed mandatory minimum payments in lieu of paying property taxes for a ten year period. During this period, the casinos will be unable to file tax appeals and will be required to make quarterly payments. This will aid the City in preparing the five year recovery plan noted above.

The City has evaluated events through July 11, 2016, the date which the financial statements were available to be issued and no additional items, except as noted above, were noted for disclosure.

Independent Auditor's Report

The Honorable Mayor and
Members of the City Council
City of Atlantic City, New Jersey

We have audited, in accordance with the auditing standards generally accepted in the United States of America and the standards applicable to financial audits contained in *Government Auditing Standards* issued by the Comptroller General of the United States, the regulatory basis financial statements of the various funds and account group as of and for the year ended December 31, 2015, and the related notes to the financial statements, which collectively comprise the City's basic financial statements, and have issued our report thereon dated July 11, 2016, which was adverse due to being presented in accordance with the New Jersey regulatory basis of accounting.

Internal Control over Financial Reporting

In planning and performing our audit of the financial statements, we considered the City's control over financial reporting (internal control) to determine the audit procedures that are appropriate in the circumstances for the purpose of expressing our opinions on the financial statements but not for the purpose of expressing an opinion on the effectiveness of the City's internal control. Accordingly, we do not express an opinion on the effectiveness of the City's internal control.

Our consideration of internal control was for the limited purpose described in the first paragraph of this section and was not designed to identify all deficiencies in internal control that might be material weaknesses or significant deficiencies. Given these limitations, during our audit we did not identify any deficiencies in internal control that we consider to be material weaknesses. However, material weaknesses may exist that have not been identified.

A *deficiency in internal control* exists when the design or operation of a control does not allow management or employees, in the normal course of performing their assigned functions, to prevent, or detect and correct, misstatements on a timely basis. A *material weakness* is a deficiency, or a combination of deficiencies, in internal control, such that there is a reasonable possibility that a material misstatement of the entity's financial statements will not be prevented, or detected and corrected on a timely basis. A *significant deficiency* is a deficiency, or a combination of deficiencies, in internal control that is less severe than a material weakness, yet important enough to merit attention by those charged with governance.

Compliance and Other Matters

As part of obtaining reasonable assurance about whether the City's financial statements are free from material misstatement, we performed tests of its compliance with certain provisions of laws, regulations, contracts, and grant agreements, noncompliance with which could have a direct and material effect on the determination of financial statement amounts. However, providing an opinion on compliance with those provisions was not an objective of our audit, and accordingly, we do not express such an opinion. The results of our tests disclosed no instances of noncompliance or other matters that are required to be reported under *Government Auditing Standards*.

City's Responses to Findings

The City of Atlantic City's response to the findings identified in our audit are described in the accompanying *schedule of findings and questioned costs*. The City's response was not subjected to the auditing procedures applied in the audit of the financial statements and, accordingly, we express no opinion on it.

Purpose of this Report

The purpose of this report is solely to describe the scope of our testing of internal control and compliance and the results of that testing, and not to provide an opinion on the effectiveness of the entity's internal control or on compliance. This report is an integral part of an audit performed in accordance with *Government Auditing Standards* in considering the entity's internal control and compliance. Accordingly, this communication is not suitable for any other purpose.

Independent Auditor's Report

The Honorable Mayor and
Members of City Council
City of Atlantic City, New Jersey

Report on Compliance for Each Major Federal and State Program

We have audited the City of Atlantic City's compliance with the types of compliance requirements described in the *Uniform Guidance Compliance Supplement* and the New Jersey OMB *State Grant Compliance Supplement* that could have a direct and material effect on each of the City of Atlantic City's major federal and state programs for the year ended December 31, 2015. The City of Atlantic City's major federal and state programs are identified in the summary of auditor's results section of the accompanying schedule of findings and questioned costs.

Management's Responsibility

Management is responsible for compliance with the requirements of laws, regulations, contracts, and grants applicable to its federal and state programs.

Auditor's Responsibility

Our responsibility is to express an opinion on compliance for each of City of Atlantic City's major federal and state programs based on our audit of the types of compliance requirements referred to above. We conducted our audit of compliance in accordance with auditing standards generally accepted in the United States of America; the standards applicable to financial audits contained in *Government Auditing Standards*, issued by the Comptroller General of the United States; and the audit requirements of Title 2 U.S. Code of Federal Regulations Part 200, *Uniform Administrative Requirements, Cost Principles, and Audit Requirements for Federal Awards* (Uniform Guidance) and New Jersey OMB 15-08. Those standards, the Uniform Guidance and NJ OMB 15-08 require that we plan and perform the audit to obtain reasonable assurance about whether noncompliance with the types of compliance requirements referred to above that could have a direct and material effect on a major federal or state program occurred. An audit includes examining, on a test basis, evidence about City of Atlantic City's compliance with those requirements and performing such other procedures as we considered necessary in the circumstances.

We believe that our audit provides a reasonable basis for our opinion on compliance for each major federal and state program. However, our audit does not provide a legal determination of the City of Atlantic City's compliance.

Opinion on Each Major Federal and State Program

In our opinion, the City of Atlantic City complied, in all material respects, with the types of compliance requirements referred to above that could have a direct and material effect on each of its major federal and state programs for the year ended December 31, 2015.

Report on Internal Control Over Compliance

Management of City of Atlantic City is responsible for establishing and maintaining effective internal control over compliance with the types of compliance requirements referred to above. In planning and performing our audit of compliance, we considered the City of Atlantic City's internal control over compliance with the types of requirements that could have a direct and material effect on each major federal and state program to determine the auditing procedures that are appropriate in the circumstances for the purpose of expressing an opinion on compliance for each major federal program and to test and report on internal control over compliance in accordance with the Uniform Guidance and NJ OMB 15-08, but not for the purpose of expressing an opinion on the effectiveness of internal control over compliance. Accordingly, we do not express an opinion on the effectiveness of the City of Atlantic City's internal control over compliance.

A deficiency in internal control over compliance exists when the design or operation of a control over compliance does not allow management or employees, in the normal course of performing their assigned functions, to prevent, or detect and correct, noncompliance with a type of compliance requirement of a federal or state program on a timely basis. *A material weakness in internal control over compliance* is a deficiency, or combination of deficiencies, in internal control over compliance, such that there is a reasonable possibility that material noncompliance with a type of compliance requirement of a federal program will not be prevented, or detected and corrected, on a timely basis. *A significant deficiency in internal control over compliance* is a deficiency, or a combination of deficiencies, in internal control over compliance with a type of compliance requirement of a federal or state program that is less severe than a material weakness in internal control over compliance, yet important enough to merit attention by those charged with governance.

Our consideration of internal control over compliance was for the limited purpose described in the first paragraph of this section and was not designed to identify all deficiencies in internal control over compliance that might be material weaknesses or significant deficiencies. We did not identify any deficiencies in internal control over compliance that we consider to be material weaknesses. However, material weaknesses may exist that have not been identified.

The purpose of this report on internal control over compliance is solely to describe the scope of our testing of internal control over compliance and the results of that testing based on the requirements of the Uniform Guidance. Accordingly, this report is not suitable for any other purpose.

The accompanying Notes to Schedules of Federal and State Financial Assistance are an integral part of this statement

**Notes to Schedule of Expenditures of Federal and State Awards
December 31, 2015**

Note 1: BASIS OF PRESENTATION

The accompanying schedule of federal and state awards includes the federal and state grant activity of the City of Atlantic City, State of New Jersey and is presented on the basis of accounting prescribed by the Division of Local Government Services, Department of Community Affairs, State of New Jersey, which is a comprehensive basis of accounting other than generally accepted accounting principles. Encumbrances are considered in determining single audit threshold on major programs.

Note 2: RELATIONSHIP TO GENERAL PURPOSE FINANCIAL STATEMENTS

Amounts reported in the accompanying schedule do not agree with amounts reported in the City's financial statements. Receipts from Federal and State grants are realized as revenue when anticipated in the City's budget. Expenditures are recognized when they become payable. Following is a reconciliation of expenditures:

Expenditures per Schedule of Federal and State Awards	\$ 36,359,862.34
Less: Community Development Block Grant	(1,806,242.54)
Less: CDBG - Essential Services	(13,402,825.99)
Plus: Prior year encumbrances	2,483,295.19
Less: Current year encumbrances	(9,981,617.00)
Expenditures reported on Schedule A-12	<u>\$ 13,652,472.00</u>

LETTER OF COMMENTS AND RECOMMENDATIONS

YEAR ENDED DECEMBER 31, 2015

{THIS PAGE IS INTENTIONALLY LEFT BLANK}

GENERAL COMMENTS

Contracts and Agreements Required to be Advertised for N.J.S. 40A:11-4

N.J.S. 40A:11-4 states "Every contract or agreement, for the performance of any work or the furnishing or hiring of any materials or supplies, the cost of the contract price whereof is to be paid with or out of public funds not included within the terms of Section 3 of this act, shall be made or awarded only after public advertising for bids and bidding therefore, except as provided otherwise in this act or specifically by any other law. No work, materials or supplies shall be undertaken, acquired or furnished for a sum exceeding in the aggregate \$40,000, except by contract or agreement

The governing body of the municipality has the responsibility of determining whether the expenditures of any category will exceed \$40,000 within the fiscal year. Where question arises as to whether any contract or agreement might result in violation of the statute, the City Counsel's opinion should be sought before a commitment is made.

The minutes indicate bids were requested by public advertising for the following items: elevator maintenance, police uniforms and related accessories, road resurfacing, fire alarm inspection and maintenance, overhead door maintenance, HVAC maintenance, generator repair and maintenance, fire suppression inspection and maintenance, ambulance dispatch service, traffic signal synchronization, turf maintenance, drainage canal improvements, firefighter turnout gear and protective equipment, field improvements, streetscape improvements, boardwalk reconstruction, roof improvements, and fire department uniforms.

The minutes indicate resolutions were adopted and advertised authorizing the awarding of contracts or agreements for "Professional Services" per N.J.S. 40A:11-5.

Inasmuch as the system of records did not provide for an accumulation of payments for categories for the performance of any work or hiring of any materials or supplies, the results of such an accumulation could not reasonably be ascertained. Disbursements were reviewed, however, to determine whether any clear cut violations existed.

Our examination of expenditures did not reveal any payments in excess of \$36,000 "for the performance of any work or the furnishing or hiring of any materials or supplies: other than those where bids had been previously sought by public advertisement, awarded under state or county cooperative purchasing agreements, or where a resolution had been previously adopted under the provisions of N.J.S. 40A:11-6.

Collection of Interest on Delinquent Taxes and Assessments

The statute provides the method for authorizing interest and the maximum rates to be charged for the nonpayment of taxes or assessments on or before the date when they become delinquent. The governing body adopted the following resolution authorizing interest to be charged on delinquent taxes.

"BE IT RESOLVED" by the City Council of the City of Atlantic City, in accordance with Chapter 435, New Jersey Laws of 1979, and N.J.S.A. 54:4-67, 54:5-24, 54:5-32 and 54:5-35, which authorizes the Governing Body to fix the rate of interest to be charged, in the City of Atlantic City, for the nonpayment of taxes and assessments, said rate of interest shall be and is hereby fixed at 8 percent per annum on the first \$1,500 of delinquency and 18% per annum on any amount in excess of \$1,500 to be calculated from the date when the taxes and assessments become delinquent. In addition, a 6% penalty is authorized for delinquencies in excess of \$10,000 at the end of the year.

It appears from an examination of the collector's records that interest was collected in accordance with the foregoing resolution.

Delinquent Taxes and Tax Title Liens

The last tax sale was held on December 14, 2015 and was complete. There are several bankruptcies from prior years not sold.

The following comparison is made of the number of the tax title liens receivable on December 31 of the last three years:

<u>Year</u>	<u>Number of Liens</u>
2015	878
2014	1,092
2013	820

It is essential to good management that all means provided by statute be utilized to liquidate tax title liens in order to get such properties back on tax-paying basis.

Verification of Delinquent Taxes and Other Charges

A test verification of delinquent charges and current payments was made in accordance with the regulation of the Division of Local Government Services, including the mailing of verification notices as follows:

<u>Type</u>	<u>Number Mailed</u>
Payment of 2015 and 2016 Taxes	5
Municipal Court	10

All delinquent taxes, except those in bankruptcy, were included in the accelerated tax sale. Therefore, no delinquent tax balances were available to verify. As of the date of this audit report, all verifications have not been returned. However, no problems were noted with those that have been returned.

Comparison of Tax Levies and Collections Currently

A study of this tabulation could indicate a possible trend in future tax levies. A decrease in the percentage of current collection could be an indication of a probable increase in future tax levies.

Uniform Construction Code

The City of Atlantic City construction code official is in compliance with uniform construction code rules NJAC 5:23.17(b) 2 and NJAC 5:23.4.17(b) 3.

Law Enforcement Trust Fund

In order to promote statewide uniformity and accountability, the State Attorney General has issued standards concerning the administration of seized and forfeited property and monies. Funds distributed to a municipality from seizures or forfeitures, or the sale of forfeited property is to be deposited into a special law enforcement trust fund to be used for a law enforcement purpose. NJAC 13:77-1.4 defines a law enforcement purpose as a purpose which is calculated to enhance a law enforcement agency's ability to conduct criminal investigations, surveillance, arrests, and prosecutions and to respond more fully to the effects of crime and, for the purposes of these rules, shall be beyond that allocated by the law enforcement agency's annual budget. This special law enforcement trust fund must be under the direct control of the funding entity. Any local governmental body that receives forfeited proceeds or property shall comply with auditing requirements specified under NJSA 40A:5-4.

FINDINGS AND RECOMMENDATIONS

Finding 15-1

Criteria

All receipts are required to be deposited within 48 hours.

Condition

It was noted during testing that All Wars Memorial receipts were not all deposited within a timely manner.

Cause

Personnel receiving rental fees for the All Wars Memorial were unaware of the requirements.

Effect

The City was not in compliance with State statutes, and additional bank fees were incurred as the receipts were deposited.

Recommendation

All employees should be informed of the requirements when receipts are being accepted outside of the City Hall cashier's office.

Management Response

New internal control procedures are being implemented at the outside offices to ensure that all personnel are in compliance with State statutes.

STATUS OF PRIOR RECOMMENDATIONS

Finding 14-1

Court personnel should ensure that all bail and general account activity is properly posted into the ATS/ATC system. Any discrepancies on the bank reconciliations should be investigated and cleared as soon as possible.

This finding was partially corrected in 2015.

Management Response: Bail activity will be posted in a timely manner prior to the month end.

Finding 14-2

Complete grant files should be maintained for each grant received by the City. The files should include grant award information, drawdown requests, copies of checks received, and support for expenditures made.

This finding was cleared in 2015.

Finding 14-3

The City should perform a reconciliation each year of the payments received for each approved program with the financial statements obtained from the business.

This finding was cleared in 2015.

Finding 14-4

Payroll personnel should not have access to change salary information in the accounting system, that access should only be available to the Human Resource department.

This finding was cleared in 2015.

Finding 14-5

All properties that have been approved and finalized should be included in the added and omitted tax assessments each year.

This finding was partially cleared in 2015.

Management Response: A new software system was purchased and will integrate the departments when it is fully operational.

RECOMMENDATIONS

1. All properties that have been approved and finalized should be included in the added and omitted tax assessments each year.

In accordance with the Uniform Guidance, Audits of States, Local Governments and Non-Profit Organizations, and Division of Local Government Services Regulations, a corrective action plan must be prepared and filed by the City Council in response to my comments.

The problems and weaknesses noted in my review were not of such magnitude that they would affect my ability to express an opinion on the financial statements taken as a whole.

Should any questions arise as to my comments or recommendations, or should you desire assistance in implementing my recommendations, please do not hesitate to call me.

Very truly yours,
